

Hope vs. Hopelessness

“Man is as full of potentiality as he is of impotence.”

-George Santayana

Hope and hopelessness are part of my disease. Hope tells me there is a better way; hopelessness says, “What’s the use?” I recognize hopelessness for what it is: my mind protecting me from disappointment. Hopelessness served at one time, but I don’t need that device today. I have a Higher Power that gives me everything I need. I am willing to continue to cast out old ideas, to keep turning my life over to the care and protection of God. Therein lies hope.

For today: My potential is in direct proportion to my willingness to let go the shackles of self-will, to get out of my own way. On one end of the scale, I accomplish wonders; on the other, I am powerless.

STEP 2

Came to believe that a power greater than ourselves could restore us to sanity.

PRINCIPLE: Hope

TRADITION 2

For our group purpose there is but one ultimate authority – a loving God as He may express Himself in our group conscience. Our leaders are but trusted servants they do not govern.

PRINCIPLE: Trust

CONCEPT 2

The OA groups have delegated to the World Service Business Conference the active maintenance of our world services; thus, the World Service Business Conference is the voice, authority and effective conscience of OA as a whole.

PRINCIPLE: Conscience
